Yes, for

reasons.

Buying

Nekomata-san after Getting Back home

· Nekomata Morei:

She wraps
her cardigan
around her
waist, giving
her the
image of a
countryside
ayaru

• Nunota Muni:

A cloth diaperer.

Has a habit of
touching her lips.

• It was drawn
exaggeratedly within
this work for the
sake of emphasis,
but in real life, cloth
diapers don't sag and
expand so obviously

Apparently, cloth
diapers are so thick
they leave one
unable to close
one's legs together

Ponytail Otokime-san

Apparently, you
don't win tickets
as lottery prizes
anymore, but
rather these
gift cards.

of time!
